DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.

2. Claims 38-46 are rejected under 35 U.S.C § 103(a) as being unpatentable over Li et al, U.S. Patent No. 6,182,041 (hereinafter Li) in view of Garcia, U.S. Patent No. 6,680,999 (hereinafter Garcia).

Regarding claim 38, Li discloses a method comprising:
setting a date and time for an event reminder for an event by a first person for a second person; storing said event reminder as configuration for said second person; scanning said configuration on a periodic basis for said event reminder; retrieving said date and time for said event reminder; placing a call to said person to provide said event reminder at said date and time using a text to speech engine (col. 1, lines 30-45 and column 3).

Art Unit: 2645

Li fails to disclose requesting confirmation as to whether the second person is to attend the event and receiving said confirmation for said event from said second person over said call. Nonetheless Garcia discloses this limitation (see col. 13, lines 40-60). For this reason it would have been obvious to one of ordinary skill in the art at the time the invention was made to modify Li with the requesting and receiving steps taught by Garcia. This modification would have improved efficiency by freeing users from reminding appointees by phone calls or mailings as suggested by Garcia (column 13).

Regarding claim 39, see abstract of Li.

Regarding claim 40, see column 13 of Garcia.

Regarding claim 41, see column 3 of Li.

Claim 42 is rejected for the same reasons as claim 38.

Claim 43 is rejected for the same reasons as claim 40.

Regarding claim 44, see column 3 of Li.

Claim 45 is rejected for the same reasons as claim 38.

Claim 46 is rejected for the same reasons as claim 40.

Response to Amendment

3. Applicant's arguments have been considered but are deemed to be moot in view of the new grounds of rejection.

Art Unit: 2645

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
